

To Whom It May Concern:

I am writing to oppose The Consumer Bankers Association (CBA) challenging of Indiana's Telephone Privacy law in a proceeding before the Federal Communications Commission (FCC) by attempting to impose the federal "established business relationship" exemption on Indiana consumers.

I do not feel that my privacy should be invaded simply because I have to do business with certain entities. Please protect my privacy and the economy as I (and many others) will probably opt to limit our business transactions if the FCC can no longer protect our privacy.

Thank you for your consideration.
